EMI-EMC

Description

A military type LED-based Headlight combo, specifically designed for armoured vehicles. Includes high beam, low beam and blackout driving modes. Customised design optics to satisfy FMVSS 507.108 standard. Verified in accordance with MIL-PRF-32243 & MIL-PRF-32215 including the environmental condition requirements, MIL-STD-461E and MIL-STD-1275D.

Physical Specification

Dimensions: 285x108x100 mm

Weight: 3.0 kg

Photometric Specification

Total Flux: 1500 Lumen

Blackout Light Colour: Green

IR Illumination: Optional

Electrical Specification

Input Voltage: 16-32 VDC

Nominal Power: 15 W

Connector Type: Fisher UP50W11 M012S BK1Z1NA

DC VOLTAGE

BLACKOUT

ESD PROTECTED
